

We are committed to delivering a clean and safe environment through health and safety protocols for both our guests and team members.

Our new protocols

New cleaning and disinfection procedures, increased attention to safety and communal spaces, protective equipment and updated training for team members are included within our new protocols.

Implement social distancing measures throughout the hotel

Increase cleaning and disinfecting, paying attention to high touch items

Improve air circulation process to increase air quality

Alcohol-based sanitizers to be provided near the front entrance and throughout public areas

Keys to be disinfected upon check in

TV Remotes to be sanitized before you arrive

Offer cash free methods of payment

Space tables apart in our restaurant, bar and garden to provide social distancing

Adhere to strict safety procedures while serving food and drinks

Provide team members with PPE
